

Guide to View Two-Part Web Presentation Describing the National Trauma Registry Standardization Project

1. Have a computer with a browser, Internet Explorer, Firefox, Netscape, Opera, or Safari
2. Have Internet connection, preferably high speed such as DSL, cable, T1, etc. (dial-up should work)
3. Have Macromedia's Flash installed. The program is free, secure, and widely used for a variety of applications. If not installed go to the site below and follow install instructions:
 - a. http://www.macromedia.com/shockwave/download/download.cgi?P1_Prod_Version=ShockwaveFlash&promoid=BIOW
4. To first view Dr. N. Clay Mann's presentation (approximately 10 minutes) go to:
 - a. <http://breeze50992852.breezecentral.com/p50062550/>
5. To view Dr. John Fildes' presentation (approximately 8 minutes) go to:
 - a. <http://breeze50992852.breezecentral.com/p77498701/>
